Oath/Declaration

1. The oath or declaration is defective. A new oath or declaration in compliance with 37 CFR 1.67(a) identifying this application by application number and filing date is required. See MPEP §§ 602.01 and 602.02.

The oath or declaration is defective because:

It does not identify the citizenship of each inventor.

The citizenship for Paolo R. Zafred has been omitted in the oath/declaration as filed.

Reasons for Allowance

1. The following is an examiner's statement of reasons for allowance:

2. The prior art of record fails to teach and/or suggest a fuel cell generator and method of operating wherein having an axially elongated thin wall vessel surrounding a fuel cell module housing wherein an oxidant gas is introduced into the area between the vessel and the module housing, and a fuel gas is introduced into vessel and directed to a fuel feed injector where the exhaust gas outlet through the vessel is connected to a combusted gas plenum associated with the fuel cell modules through a semi-flexible duct and the inside of the vessel having an insulation material attached thereto. A fuel cell generator made in such a manner allows the device to be used for both atmospheric and pressurized gas feeds.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
